Key Terms/Definitions

- **Authorization:** approval document for a referral which identifies the details (specialty, services/procedures, # visits, office/provider sent to, contact for provider/office, etc.) of the referral.
- **Colorado Market:** The military hospitals and clinics in Colorado Springs and Colorado which collaborate to maximize the services available to patients. Every attempt is made to navigate patients to a military hospital or clinic provider first if there is capability and access to care that meets the needs of the patient.
- **CPT/Procedure Codes:** Specific type of procedure (i.e. evaluation and treatment of nerve damage to neck) indicated on a referral which guides what the off-base provider is allowed to bill TRICARE for.
- **Difference Between Referral On-Base versus Off-Base:** Referrals for specialty care are either determined to be able to be treated within a military hospital or clinic (on-base) or to a provider in the local community (off-base) which requires navigation by the TRICARE Contractor (Health Net Federal Services)
- **Health Net Federal Services:** TRICARE contractor who administers the health care benefit for TRICARE beneficiaries to include referrals
- **MHS GENESIS Patient Portal/USAF Academy Referral Management:** Message location that patients can utilize to communicate referral issues, questions, concerns
- **Patient Access Services:** Appointment line which conducts calls to patients in order to book first specialty appointment for a referral retained at a military hospital or clinic
- **Point of Service (POS) Option:** Allows patients to pay out of pocket for services obtained directly in the network but often comes with large costs near full prices for services
- **Referral:** Decision by PCM to request additional care evaluation or treatment by a specialty service/provider
- **TRICARE-West Beneficiary Portal:** online portal requiring DS Logon to access TRICARE benefits status to include authorizations for referrals

How A Referral Is Navigated

Referral FAQs – 1

- **Q: How do I get access to my authorization?**
 - **A: Your referral authorization is only accessible through the TRICARE-West online portal (www.tricare-west.com) using the same DS Logon as for the MHS GENESIS Patient Portal. There is a video at the following location (<https://vimeo.com/451369629>) for accessing the authorization and additional pages in this guide for instructions on setting up DS Logon. Your referral authorization will not be mailed to you unless you are age 65+/Medicare enrolled. Only TRICARE Plus (Age 65+/Medicare+military clinic enrollment) patients receive a letter of their referral mailed by the military clinic. These authorizations will be used to navigate (location/phone #) on where to book your specialty care appointment or obtaining Durable Medical Equipment.**
- **Q: How many visits am I authorized?**
 - **A: The number of visits authorized on a referral can vary but this number is located on the authorization document accessible to you. See page 16 of guide. Many referrals are written with one evaluation visit and additional visits for treatment. For example; MRIs or Mammograms are diagnostic with one visit authorized meanwhile, referrals to Neurology may often include authorization for one evaluation visit and 4-5 treatment visits.**
- **Q: When does my authorization expire?**
 - **A: Referral authorizations can range from 30 days to 365 days, however a large majority of referrals cover 180 days of treatment. This information is located directly on the authorization document. See page 16 of the guide. When this referral expires, a new referral will be required from the PCM or ordering provider if not originated by PCM.**

Referral FAQs – 2

- **Q: Can you fax my referral to the provider?**
 - **A: Referrals for TRICARE Prime patients are faxed by Health Net Federal Services to the provider who the referral has been assigned. If the referral has not been received by the provider, contact Health Net Federal Services (1-844-866-9378) and inform them that the office has not received the authorization. If the patient is not getting adequate assistance or there are continued problems with the receipt of the referral by the off-base provider, contact the Referral Management Center at 719-556-0241/1054 or on the MHS GENESIS Patient Portal via USAF Peterson Referral Management.**

- **Q: The provider needs codes (CPT/procedures) added or changed. Can you do that?**
 - **A: The military clinic cannot adjust the codes that are generated on a referral authorization. It is recommended that the patient coordinate with the off-base provider and inform them to contact Health Net Federal Services (1-844-866-9378). The off-base provider has the expertise to inform Health Net Federal Services regarding what codes need to be changed or added on a referral. If these actions are not successful, the patient is encouraged to contact the Referral Management Center at 719-556-0241/1054 or on the MHS GENESIS Patient Portal via USAF Peterson Referral Management.**

Referral FAQs – 3

- **Q: Options to receive an off-base referral for specialty care?**
 - **A: TRICARE Prime Patients enrolled to the military clinic will be navigated first to care within an military clinic or hospital if it is available and within access to care standards. This is a requirement of the TRICARE Prime benefit. Each referral is reviewed for capability and continuity of care if a patient has a history of care with an off-base provider but if the patient has not seen the provider in greater than 3 months or there are no other compelling continuity reasons, the patient will be directed to a military clinic or hospital. Patients have a Point of Service (POS) option to choose a medical specialty in the network, but will pay extensive out of pocket costs. For more information, visit: <https://www.tricare-west.com/content/hnfs/home/tw/bene/claims/pos.html>**
- **Q: My referral was captured by the military clinic or hospital; how do I get it released?**
 - **A: Referrals will not be released by the military clinic. They have been reviewed by the referral center of the Colorado Market and military clinic or hospital for capability and continuity. It is recommended that patients go to their first appointment with a specialist in the military clinic or hospital and discuss care options with that provider. Patients may always choose the Point of Service option described above.**

Referral FAQs – 4

■ Q: How long does it take for the referral to be processed?

- A: Referrals that are retained within a military clinic or hospital are processed within 1-2 business days with contact to make an initial appointment beginning at business days 2-3. Referrals that are deferred to the off-base network are processed within 3-5 business days and the patient is not contacted regarding approval so it is critical that the patient continue to check www.tricare-west.com after 3 business days if not contacted for a military clinic or hospital appointment. From www.tricare-west.com, the patient should obtain the authorization and begin making appointment arrangements with a specialist.

■ Q: What do I need to do to activate my referral?

- A: Patients do not need to activate a referral. The patient's role is to follow up on their care by checking www.tricare-west.com after 3 business days (and continuing to check) if not contacted for a military clinic or hospital appointment. The patient must make the appointment if referral is deferred to an off-base provider.

■ Q: Where can I call to get more help with my referral?

- A: If the referral has been deferred to an off-base provider, it is recommended that the patient contacts Health Net Federal Services for further assistance. The phone number to Health Net Federal Services is 1-844-866-9378. If the referral has been retained at a military clinic or hospital, contact the Referral Management Center at 719-556-0241/1054 or on the [MHS GENESIS Patient Portal](#) via USAF Peterson Referral Management.

Referral FAQs – 5

- **Q: How do I get a second opinion?**
 - **A: This depends on whether the referral has been retained at a military clinic or deferred to an off-base provider. If the referral was originally retained at a military clinic, contact the clinic directly to see if there are other providers available within the military clinic or Colorado Market that you may be able to see. If unsuccessful, contact the Referral Management Center at 719-556-0241/1054 for assistance. If the referral is deferred off-base, a new referral will need to be written by the PCM indicating a second opinion. We recommend contacting the PCM via the MHS GENESIS Patient Portal to request this.**
- **Q: Can I change my off-base referral to a different provider?**
 - **A: Off-base referrals can be changed to a different provider directly by the patient if the visits on a referral authorization have not been utilized. In this case, the patient can contact Health Net Federal Services (1-844-866-9378) or perform the steps on page 17 of this guide through the www.tricare-west.com beneficiary portal.**

TRICARE-West – Video/Main Page

A video describing referral authorizations and the access to the document is available at the following link: <https://vimeo.com/451369629>

The website location for accessing referral authorizations is through Health Net Federal Services beneficiary portal at www.tricare-west.com

The main page displays a Beneficiary portal/Secure Login option which is where patients must navigate to in order to access referral authorizations

The screenshot shows the TRICARE West website main page. The navigation bar at the top includes 'BENEFICIARY', 'PROVIDER', and 'GOVERNMENT' options. Below the navigation bar, there are sections for 'Portals' (Beneficiary, Provider, Government), 'Register' (Beneficiary, Provider, Government), and 'Secure Login' (Beneficiary, Provider, Government). The main content area includes a 'Welcome to TRICARE West' banner with a family photo, a 'Log In for Self-Service Tools' button, and a 'Your access to care is our priority' message. The right sidebar contains 'Related Sites' (TRICARE East, www.tricare.mil, Defense Health Agency), 'Website Maintenance' (Schedule), and 'Recognition' (URAC Accreditations). The footer lists 'West Region States' and includes a disclaimer about the TRICARE West Region's coverage area.

Beneficiary Portal/ Secure Login Page

After clicking to navigate to the beneficiary portal/secure login, the patient will see this page where they should login using the DS Logon. This is the same logon used for the MHS GENESIS Patient Portal. If a DS Logon has not yet been established, the patient should click Register at the top of the ribbon. The next two slides are a comprehensive guide/pamphlet to setting up the DS Logon.

Health Net Federal Services (HNFS) website screenshot showing the login page. The page includes navigation links (HOME, ENROLLMENT, AUTHORIZATIONS, CLAIMS, COVERED SERVICES, WELLNESS, RESOURCES, SECURE PORTAL) and a search bar. The main content area features a "Login" button and a "Register" button, both circled in red. Below these buttons is the "DS LOGON" section, which includes a "DS LOGON" button, also circled in red. The "DS LOGON" section contains the following text: "Use your DoD Self-Service Logon (DS Logon) to log in to www.tricare-west.com. A premium DS Logon is required. For information on obtaining a DS Logon, please use the [My Access Center link below](#)". Below this text is a "DS Logon My Access Center & FAQs" link and a "Click here to review the Privacy Act Statement" link. For DS Logon support, please call the DMDC at 1-800-477-8227. The "LOGIN" section contains a "LOGIN" button and a "I forgot or lost my password" link. For support with login issues please call 1-800-440-3114. Support hours are Monday - Friday 6:30am - 7:00pm Pacific. The footer includes links for Home, Company, News, Contact Us, Privacy, and a "Go To" dropdown menu with "--Portal--" selected.

DS Logon Set Up Guide/Pamphlet – Steps 1-7

1. Go to www.tricare-west.com/idp/bene-login.fcc

- Select “DS Logon” and “Need An Account?”

Frequently Asked Questions

ATTENTION ALL USERS: PLEASE READ THE BELOW INFORMATION IN ITS ENTIRETY

ACTION NEEDED: Phone Numbers can be updated by yourself by logging into your DS Logon account and going to "UPDATE CONTACT INFORMATION." This will take you to a screen to update your own phone number and email. Please ensure your phone (e.g., cell, landline) and email address is accurate as future security features will be enabled soon and you won't have access to your DS Logon account if the phone number is not one you can access.

IMPORTANT: After visiting DS Logon or one of our partner sites, CLOSE your browser window AND all open tabs. This will help protect your information and privacy. If you choose not to close your browser and all open tabs, this can enable third parties access to your PRIVATE HEALTH and BENEFIT INFORMATION.

3. For those without a Common Access Card (CAC), choose the option to “Register using my email in DEERS.” If you do not have an email in DEERS, you can set this up by going to <https://idco.dmdc.osd.mil/idco/>.

Registration Process

Our records indicate you currently have an active Common Access Card (CAC) and an email on file in DEERS. The most efficient method is to register using an attached CAC reader. If you do not have this option available then you may use your email on file in DEERS. A one-time activation code will be sent to your email address if you chose this method. Once you receive the activation code follow the instructions to complete the registration process.

4. You must consent to using your email address to send an activation code.

Registration Process

By selecting "Yes" below you are consenting to our use of your email address (t...r@mail.mil) to send an activation code.

Yes No

5. You will receive notification of the activation code being sent and to check your Spam folder.

Registration Process

A temporary activation code has been sent to t...r@mail.mil. Please check your email inbox for a message from do-not-reply-dslogon@mail.mil, and follow the instructions. If you do not see an email from do-not-reply-dslogon@mail.mil in your Inbox please check another folder such as a "Spam" or "Junk" folder.

6. After retrieving your activation code, return to the main logon page and then select the option to “Activate My Account”.

9. Create a DS Logon password that meets system requirements.

Create a password for your account.

Password Requirements:

- ✓ Passwords must be at least 9 characters but no more than 20
- ✓ At least 1 lowercase letter (e.g., a,b,c...x,y,z)
- ✓ At least 1 uppercase letter (e.g., A,B,C...X,Y,Z)
- ✓ At least 1 number (e.g., 0,1,2...8,9)
- ✓ Special Characters are not required but these special characters can be used (e.g., @,#&\$%*+()!,:-{}?>~<|_|)
- ✓ No birth dates, social security numbers, or part of your name
- ✓ When changing a password, your new password cannot be changed more than 1 time in 24 hours

Enter your password below. Please note that:

1. All passwords expire in 180 days (6 months) and will need to be changed prior to expiration. You may want to note your password expiration date on a calendar. As a security precaution, your password should never be written down
2. When entering your password below, you will know your password meets the password requirements when all lines above are green. If there is any red lines, please go back and adjust the password to meet the requirement identified

Search Network Provider Directory

TRICARE-West – Beneficiary Portal – Main Page

After logging in, the patient will access referral authorizations by clicking on the “Check Authorization Status” link under Secure Tools.

From there, the patient will be directed to search by beneficiary (self or dependents) and date ranges

The screenshot displays the TRICARE West Beneficiary Portal. At the top, the navigation bar includes 'HOME', 'ENROLLMENT', 'AUTHORIZATIONS', 'CLAIMS', 'MY ACCOUNT', 'SECURE INBOX', and 'SECURE PORTAL'. The 'SECURE PORTAL' link is highlighted. Below the navigation bar, the breadcrumb trail reads 'HNFS.com > TRICARE West > Beneficiary > Secure'. The main content area is divided into three sections: 'Secure Tools', 'TRICARE West Secure for Beneficiaries', and 'Find a Provider'. The 'Secure Tools' section on the left contains a list of options: Secure Portal, Eligibility & Deductible, Manage My Payment, View Payment History, Check Authorization Status (highlighted with a yellow background and an arrow pointing from the text on the left), Change an Authorization, Check Claim Status, View Summary TEOB, Update Other Health Insurance, Create Annual Benefits Summary Report, Nominate a Beneficiary for Case or Disease Management, Preventive Services, Ask Us Secure Email, Upload a Document, Secure Inbox, and My Account. The 'TRICARE West Secure for Beneficiaries' section features a photo of people sitting on a bench and a 'Status' section with a 'Check Your Status' button. The 'Find a Provider' section on the right has a 'Find a Provider' button.

TRICARE-West – Beneficiary Portal – Referrals Search

After clicking on the Check Authorization Status page, the patient must choose for whom the referral authorizations they are attempting to acquire (self or dependents) and then filter to a specific date range or authorization number. After doing so and clicking search, the patient will see all approved referrals displayed on the screen.

The screenshot shows the 'Authorization Search' page in the TRICARE West Beneficiary Portal. The page has a navigation bar with links: HOME, ENROLLMENT, AUTHORIZATIONS, CLAIMS, MY ACCOUNT, SECURE INBOX, and SECURE PORTAL. Below the navigation bar is a breadcrumb trail: HNFS.com > TRICARE West > Beneficiary > Secure > Authorization Search.

TRICARE-West – Beneficiary Portal – Request New Provider

After selecting the “Request New Provider” option, a window will pop up that organizes providers based on distance of the office location in the directory. It can also be rearranged alphabetically and a name search can be performed in the upper right.

After a provider is selected via the bubble on the left, click the submit request option and a new authorization will process and publish with the provider selected. It is highly recommended that the patient call the office associated with a specific provider as the directory is not always accurate. This may take 1-2 minutes to process.

Request New Provider
